

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC4012X** Est. Installation Time: **less than 15 mins**

Nissan OE: 27891-1FC0A, 27891-1FD0A, 27891-1FD1A

The Cabin air filter is located behind the glove compartment

- Remove the two screws at the bottom and each end of the glove box with glove box closed
- Open the glove box and remove the four screws securing the top of the glove box
- Remove the two screws inside the glove box toward the bottom.
- Remove complete glove box assembly
- Unlatch the cabin filter access door
- Remove the old filter from assembly, taking note the air flow arrow indicator on the side of the old filter
- Insert new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the glove box assembly by reversing the removal procedure

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
