

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC4255X**

Est. Installation Time: **less than 15 mins**

BMW OE: 64119237554, 64119237555

The Cabin air filter is located under the glove box on the passenger side of the vehicle

- Remove the two bolts that secure the trim panel to the bottom of the glove box using a 10mm wrench
- Remove the trim panel from under the glove box.
- Disconnect the two light connectors from the trim panel.
- Remove the two screws that secure the filter cover using a T-15 screwdriver
- Remove the filter cover and old cabin air filter, taking note the air flow arrow indicator on the side of the old filter (Fig 4)
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the glove box assembly by reversing the removal procedure

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
