

**FIRST-TIME INSTALLATION OF CABIN AIR FILTER PC4313x**

Access Door – OE#68052292AA

Cabin Air Filter – OE#5058693AA

APPLICATIONS		
YEAR	MODEL	ENGINE
2011 - 2014	Ram 1500	3.0L, 3.6L, 3.7L, 4.7L, 5.7L
2010 - 2015	Ram 2500	4.7L, 5.7L, 6.4L, 6.7L
2011 - 2015	Ram 3500	5.7L, 6.4L, 6.7L
2010 - 2015	Ram 4500, 5500	6.4L, 6.7L

The applications listed above do not come with a factory installed cabin air filter. However, it can be retrofitted. It requires cutting the opening of the access panel to accept the filter. An access door is then included which conceals the opening.

1. Squeeze the sides of the glove box compartment and open the compartment beyond the stops.
2. Cut out the molded access panel on the HVAC module using the appropriate tool.
3. File down any rough edges to ensure a proper fit.
4. Install the filter into the access door.
5. Slide the access door into the HVAC.
6. Remove any debris.
7. Install the glove box compartment.
