

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC4329X**

Est. Installation Time: **less than 15 mins**

The Cabin air filter is located behind the glove compartment

- Open the passenger side door and remove the lower passenger side instrument panel trim below the glove box
- Remove the four screws securing the cabin filter cover
- Remove the cabin filter cover by pulling it down on its hinges and out
- Remove the two dirty cabin air filters, taking note the air flow arrow indicator on the side of the old filters
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Reinstall the cabin filter cover
- Secure the cover with the four screws
- Reinstall the panel below the glove box
