

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC4684X

Est. Installation Time: less than 20 mins

Hyundai & Kia OE: 97133-2E210,97133-2E200

The Cabin air filter is located behind the glove compartment

- Open the glove box
- Lower the glove box down completely by removing the glove box stoppers on both sides of the glove box right and left (Fig 1 and 2)
- Lift the glove box slightly up to relieve the dampener cord. Remove the dampener cord located on the right side of the glove box
- Located the filter housing plastic cover. Remove the filter housing cover by pinching the tabs together and unclipping it
- Remove the old filter from assembly, taking note the air flow arrow indicator on the side of the old filter (Fig 3)
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the glove box assembly by reversing the removal procedure
