

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

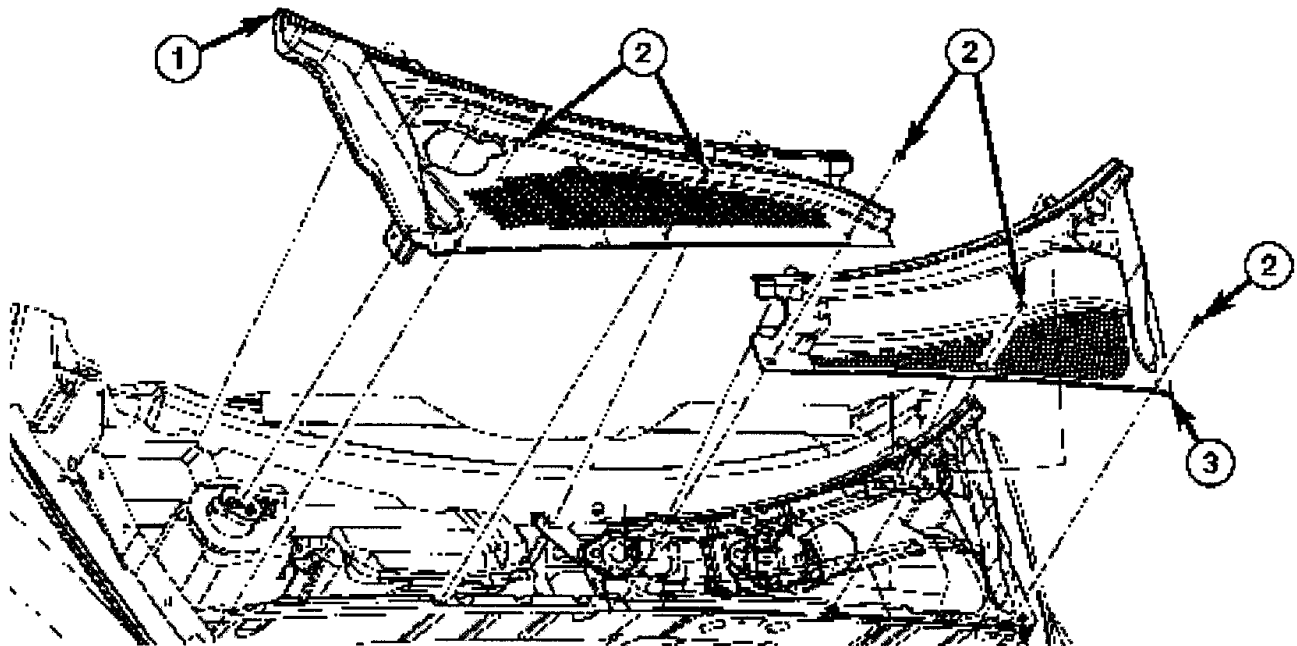

Part No.: **PC4725X**

Est. Installation Time: **less than 30 min.**

Chrysler PT Cruiser (2001-10)

The cabin air filter is located under the cowl cover panel, on the passenger side, behind the washer fluid tank.

1. Open the hood
2. Uninstall the cowl grill on the passenger side.
3. Removal of the reservoir is not necessary, just loosen it enough to allow access to the air filter element.
4. Remove the old cabin air filter element by lifting the filter element up and out of it housing.
5. Install new cabin air filter element by inserting the element down directly into the housing.
6. The air filter is held in place by friction between the filter element and the housing so no fasteners are used.
7. Position windshield washer reservoir and tighten bolts to 70 INCH lbs. (8 Nm).
8. Install passenger side cowl grill screen.
9. Close hood.
