

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC4756X**

Est. Installation Time: **less than 15 min**

OE PN: MR398288, MN185231

The Cabin air filter is located on the passenger side of the vehicle behind the glove box

- Open the glove box
- Remove the glove box by pressing in the tabs on the upper corners of the box
- Let the glove box swing all the way downward on its hinge
- Open the filter access door by removing the two screws
- Remove the old filter taking note the air flow arrow indicator on the side of the old filter
- Insert the new filter, making sure the frame is aligned with the housing's mounting
- Replace the rest of the glove box assembly by reversing the removal procedure

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
