

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC4906X**

Est. Installation Time: **less than 30 min.**

Suzuki Verona (2004-06); Chevrolet Epica (2004-06)

The cabin air filter is located under the cowl cover panel in front of the windshield, on the passenger side.

1. Open the hood. Remove the wiper arms.
2. Remove the weather-strip.
3. Remove the cowl vent grille retaining screws, clips, and the 2-piece grille. See →
4. Remove the old filter and clean the housing
5. Install the air filter into its housing in the fire wall. Align the fins on the plastic frame of the filter with the groove in the holder before attempting to insert the filter into place.
6. Install the filter cover. See .Install the cowl panel with the screws.
7. Install the hood weather strip. Install the wiper arms
