

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

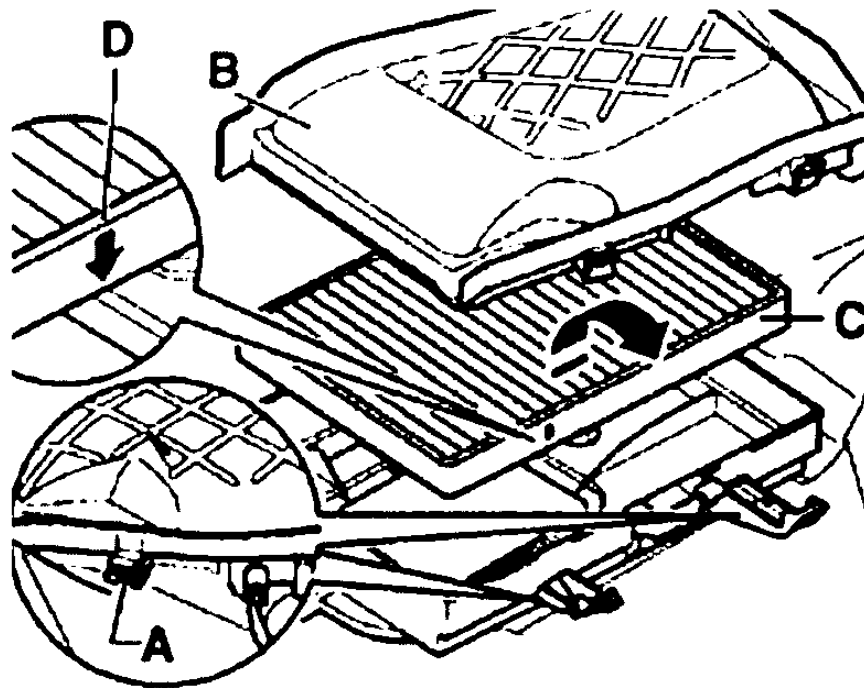

Part No.: **PC5484X**

Est. Installation Time: **less than 15 min.**

Audi A4, A4 Qttro (02-09), A6, A6 Qttro (01-05), RS4 (07-09), S4 (02-09) , S6 (02-03) OEM No.8E0-819-439

Cabin air filter is located underneath the right plenum chamber cover.

1. Open the hood
2. Remove rubber seal of plenum chamber (cowl) cover
3. Remove the plenum chamber (cowl) cover. See PLENUM CHAMBER COVER.
4. Unclip cover (B) and remove toward front – see below
5. Remove the old filter from the housing © and clean any debris.
6. Insert the new filter in the housing Make sure that the air flow arrows mark (D) on edge of filter are pointing down
7. Reverse removal procedure.
8. Pay attention to correct positioning of cover -B- on installation. It must be clipped in at both fasteners -A- as otherwise water will run onto the dust and pollen filter and into the air conditioner.

G00213216

9. Make sure the rubber seal is fitted properly and it is securing the cowl plastic cover.

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
