

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC5621X

Est. Installation Time: less than 30 min.

**The cabin air filter is located behind the instrument panel on the driver side, next to the accelerator pedal**

1. Make sure the ignition is turned off.
2. Remove 3 retaining plastic screws securing the carpet.
3. Fold carpet back to expose the filter housing cover.
4. Remove the nuts securing the filter housing cover
5. Remove filter by pulling it out in front of the accelerator pedal and behind the brake pedal.
6. Install air filter by compressing it slightly and inserting it behind the brake pedal. Make sure the air-flow arrow is pointing to the rear of the vehicle.
7. Clamp the cover in place at the rear edge and secure it with the nut.
8. Fold back the carpet. Install the plastic 3 screws
