

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Est. Installation Time: less than 15 min.

The Cabin air filter is located behind the glove compartment

1. Open the glove box
2. Remove the 9 screws securing the glove box

3. Pull the glove box out. There are two clips on the right side that you need to unclip.

4. Locate the filter housing cover
5. Remove the filter housing cover by unclipping the two latches at the bottom edge
6. Pull the old filter out from the housing and clean the housing

7. Insert the new filter into the housing while the air-flow arrows pointing down.

8. Clip the cover back into place.
9. Reverse steps 3 & 2 to install the glove box

This is only a guide and may not be for exact model. See Owner's manual and/or local technician for exact instructions for the particular model.
