

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC6078HX**

Est. Installation Time: **less than 20 mins**

BMW OE: 64316935823, 64319171858

The Cabin air filter is located on the passenger and driver side of the vehicle under two filter cover panels in the cowl vent screen

- Open the hood
- Locate the two filter covers on either side of the vehicle (they are in front of the windshield in the cowl vent cover)
- Unhook the wire latch located on the front of the filter cover by pulling forward
- Disengage the fasteners
- Lift open the Housing cover
- Remove the old cabin air filter from the housing, taking note the air flow arrow indicator on the side of the old filter
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Repeat the procedure on the other side of the car
- Replace the rest of the glove box assembly by reversing the removal procedure

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
