

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC6089X

Est. Installation Time: **less than 15 min.**

1. The cabin air filter is located behind the glove compartment. The glove compartment should be removed.
2. Unhook dampener arm from the right side of the glove box.
3. Pull the bottom of the glove box out to unhook from hinges.
4. Push in on right side of glovebox and tilt down to clear stop.

5. Push in on tabs to remove filter from housing.
6. Replace filter with arrow pointing down.
7. Reverse steps 4-1.

This is only a guide and may not be for exact model. See Owner's manual and/or Technician for exact instructions for the particular model.
