

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC6156X

Est. Installation Time: less than 15 mins

Dodge, Jeep OE : 68079487AB

The Cabin air filter is located behind the glove compartment

- Open the glove box
- Remove the dampener cord from the right hand side of the glove box (Fig 1)
- Push in on each side of the glove box one side at a time until the glove box stops are disengaged and allow the glove box to hang freely on the hinges (Fig 2)
- Remove the cabin filter cover by disengaging the tab on the left and using a screwdriver to disengage the tab on the top in the middle
- Remove the old cabin air filter, taking note the air flow arrow indicator on the side of the old filter (Fig 3)
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the glove box assembly by reversing the removal procedure
