

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC6176X

Est. Installation Time: less than 20 mins

Chrysler OE: 68071668AA

The Cabin air filter is located in front of the windshield under the cowl vent screen on the passenger side of the vehicle

- Open the hood
- Gently push in the two release tabs towards the panel to release the rectangular shaped cabin air filter access panel
- Pull up the rear edge of the panel and then remove the two plastic tabs on the front edge (Fig 1)
- Flip open the hinged black plastic cover on the top edge of the filter housing
- Slide the old cabin air filter out of the housing taking note the air flow arrow indicator on the side of the old filter (Fig 2)
- Insert the new filter into the housing, making sure it is seated and secure in the housing properly and that the air flow direction is correct according to the arrow indicator
- Replace the rest of the assembly by reversing the removal procedure
