

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC6185X**

Est. Installation Time: **less than 15 min**

Fiat 500 1.4L (12-18)

The Cabin air filter is located on the passenger side of the vehicle behind the kick panel on the center console

- Remove the screw securing the kick panel to the center console
- Remove the panel from the vehicle by un-clipping it
- Gently pull out the kick panel to release the metal retaining clip
- Disconnect the electrical connector that hangs in front of the housing by un-clipping the back
- Remove the housing cover
- Remove the old filter from the housing, taking note the air flow arrow indicator on the side of the old filter
- Insert the new filter into the housing, making sure it is seated properly and that the air flow direction is correct according to the arrow indicator
- Replace the rest of the assembly by reversing the removal procedure
- Reinstall in reverse order
