

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC6203X**

Est. Installation Time: **less than 10 min.**

Mazda 2 (11-15)

The cabin filter is located under the center console on the passenger side

1. Remove the 4 screws holding the cabin air filter cover
2. Remove the first filter.
3. Remove the second filter, may have to pull the filter down.
4. Replace the filters, with filter with the foam on the top going first, air flow pointing towards the rear of the vehicle, and the second filter aligns with the first.
5. Install the cover and the four screws.

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
