

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC9366X**

Est. Installation Time: **less than 30 min.**

Mercedes OE: A 906 830 0318, A 0018358747: Dodge OE:68012876AA

The cabin air filter is located under the hood in front of the cowl.

1. Open the hood and locate the cabin air filter housing – Fig 1
2. Unlock the two tabs securing the filter housing cover (one tab on the front and another on the back) – Fig. 2
3. Slid the housing cover to the right to disengage it. Set the cover aside and clean it.
4. Remove the old filter
5. Insert the new filter with the air flow arrows pointing up. Make sure it is fitted properly otherwise the housing cover will not close
6. Install the cover, slid it to the left and make sure it is fully engage, lock the two tabs on the front and back – Fig. 2
7. Close the hood
