

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC99153X**

Est. Installation Time: **less than 20 min**

OE: 64 31 9 194 098

The Cabin air filter is located under the dashboard and can be accessed from the front passenger floorboard

- Unscrew the three Phillip's head screws bottom panel under the glove box on passenger side (Fig 1)
- Remove the panel and unclip the small connector on panel door (Fig 2)
- Remove the plastic vent by unscrewing the two torx T20 screws and pull down the vent
- Slide the filter door from left to right (Fig 3)
- Remove the old filter
- Insert new filter making sure it is in the right air flow direction (Fig 4)
- Reinstall in reverse order
