

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC99247X

Est. Installation Time: less than 20 min

## VW Phaeton (04-06)

The Cabin air filter is located under the hood

- Open the hood
- Release the four clips to remove the first cabin air filter
- Release the four clips to remove the second cabin air filter
- Remove the old filters taking note the air flow arrow indicator on the side of the old filter.
- Insert the new filters into the both frames, making sure it is seated properly and that the air flow direction is correct according to the arrow indicator
- Replace the rest by reversing the removal procedure
