

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC9938X** Est. Installation Time: **less than 15 mins**

Mitsubishi OE: 7850A002

The Cabin air filter is located behind the glove compartment

- Open the glove box
- Disconnect the two restraints holding the glove box by pushing in the walls of the box
- Release the hinges from the dash by gently pulling the box in a horizontal position
- Locate and remove the cabin filter access door
- Remove the old filter from assembly, taking note the air flow arrow indicator on the side of the old filter
- Insert new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the glove box assembly by reversing the removal procedure

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
