

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

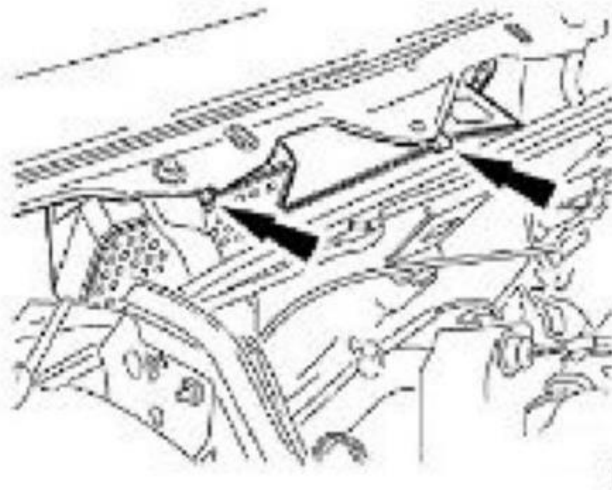

Part No.: **PC99451X**

Est. Installation Time: **less than 15 mins**

Jaguar OE: MJD6863AA

The Cabin air filter is located behind the glove compartment

- Install covers on front fenders.
- Remove windshield wiper arms and blades
- Remove plenum cover for access
- Release two tangs securing the top of the filter element and tilt the top of the element forward
- Release the two lower securing tangs, lightly press the accelerator cable support clear and remove the filter element
- Remove the old cabin air filter, taking note the air flow arrow indicator on the side of the old filter
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the assembly by reversing the removal procedure

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
