

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **PC99473X** Est. Installation Time: **less than 15 mins**

Lexus OE: 87139-11010

The Cabin air filter is located behind the glove compartment

- Open the glove box
- Place your hand at the position shown in the illustration and pull downward to detach the clip (Fig 1)
- Pull the lower instrument panel forward, detach the guide and remove the lower instrument panel
- Locate the cabin filter plastic cover and unlock it by pressing inward on the left and right-side tabs and remove by pulling the tray straight out towards you (fig 2)
- Remove the old filter from the air filter case, taking note the air flow arrow indicator on the side of the old filter (Fig 3)
- Insert new filter into the air filter case, making sure the air flow direction is correct according to the arrow indicator
- Replace the rest of the glove box assembly by reversing the removal procedure
