

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

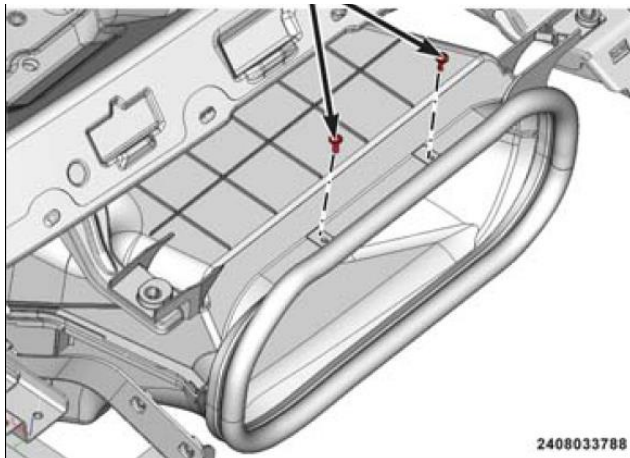

Part No.: **PC9954X**

Est. Installation Time: **less than 15 min.**

OE: 68169 308AA

The cabin air filter is located under the hood.

1. Open the hood to access the air inlet housing
2. Remove the two fasteners that secure the cabin air filter to the air inlet housing, as seen below.
3. Drop the cabin air filter down and pull straight out remove from the housing
4. Install new filter and secure the two fasteners to hold the cabin air filter in the housing.

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
